

United Nations Global Compact

PEER LEARNING GROUPS

Bringing together sustainability professionals to connect, share and learn

PROGRAMME OVERVIEW

The business world today is defined by speed, innovation, and scalability. At the UN Global Compact, we can help you make the connections you need so you can make true progress on your sustainability journey.

Connecting sustainability professionals across the globe, Peer Learning Groups at the UN Global Compact provide a safe space for companies to share their best practices and challenges on critical sustainability issues while gaining access to industry experts and unique networking opportunities.

Run in collaboration with Global Compact Local Networks, Peer Learning Groups focus on four priority issue tracks — **climate action, gender equality, labour and human rights, and SMEs** — with the goal of moving companies forward in taking ambitious action on these issues.

SAMPLE SESSION TOPICS
